

CASA Response to Coronavirus (COVID-19)

Update - 3/27/2020

Dear CASA Community Partners and Supporters,

The Coronavirus (COVID-19) pandemic has brought difficulties and uncertainties to us all, but together we will get through this. We are continually monitoring this situation and taking steps to ensure the health and safety of our staff, Volunteer Advocates, the children we serve, and our community.

With guidance from government officials, our office will remain closed and staff will continue working remotely. Staff are in constant communication with Advocates to provide support and guidance and ensure the children and families we serve have support, information, and resources they need during these uncertain and stressful times.

The COVID-19 situation has impacted our ability to offer in-person activities including informational sessions and trainings. With in-person meetings being cancelled, CASA will be utilizing virtual tools to offer CASA 101 informational sessions and Volunteer Pre-Service Training. Please stay tuned to our [Facebook](#) page for further announcements.

Lastly, thank you for your continued support through these difficult times. Please stay safe and practice social distancing to mitigate exposure to COVID-19. Visit [kycovid19.ky.gov](https://www.ky.gov/covid19) for the latest information regarding the Coronavirus in Kentucky. CASA will also be posting updates regarding the COVID-19

Most Sincerely,

Your CASA of the Heartland Team
